CONNECT THE GENERATIONS SEACAA Service Project

- 1) **Wise Walk. Accompany seniors at the Center during their morning exercise walk or Visit.** The company is both encouraging and stimulating.
- 2) **Engage a Head Start child.** Visit, play, or read with them to stimulate their minds and nurture their social skills.
- 3) **Share the Love Supply Drive.** Please collect and donate needed items from the lists provided for seniors and afterschoolers to help fill the gaps at the Centers.

SEACAA professionals across the region come together each year for the annual conference to give back and make a difference in local communities.

Volunteer and "Connect the Generations" by participating in SEACAA's **Jimmie Samuel Day of Service Project** to benefit local community action affiliate, Jackson County Civic Action's Taconi Head Start Program and the Ocean Springs Senior Center in Ocean Springs, MS.
